MEMORANDUM FOR: Legislative Counsel

SUBJECT: Legislative Program for the 91st Congress

1. At this time the Office of General Counsel has no specific suggestions for new legislation within the context of your memorandum. However, we do have some thoughts for consideration on the overall problem of our legislative program with particular reference to keeping the CIA Retirement Act up to date. DDS was interested in this general subject last summer and I gave him our thoughts in a memorandum dated 3 July 1968, a copy of which was sent to you.

2. The other legislative item in which we have a strong interest is the proposed amendment of section 783(b) of Title 50 of the United States Code. This was forwarded to you as a separate item several weeks ago and I understand [ ] has been hard at work on this in the meantime. As indicated previously, successful passage of this one could be of significant help in certain situations.

3. As always, Larry and I are available to discuss these in greater detail. Also, in the meantime, I have urged the Director of Personel to have [ ] and myself get together to focus specifically on the substantive items regarding the CIA Retirement Act. This will be accomplished separately.
